

Hop in the car with **Sandra**, your expert guide to kindergarten-readiness! Parent Academy provides all of the resources you will need to ensure your child's success as they prepare for a lifetime of learning.

"Let's Goooooo!!!"

Course Introduction

This is the first stop on your child's kindergarten-readiness journey! Learn about the course goals and important learning outcomes. Get important tips on adult-child interactions, printing course handouts, and staying safe.

Module 1: Physical Development

Motor to the starting line by learning about your child's physical development. By the end of this module you will have many resources to aid in both gross and fine motor skill development.

1

2

Module 2: Personal Life Skills

This module highlights proper handwashing and other developmentally-appropriate self-care skills. Understand which personal life skills are necessary for kindergarten success, and learn about the importance of developing a routine.

3

Module 3: Social & Emotional Skills

Learning to manage emotions is a vital stop on your child's journey. Discover ways to help your child identify their own feelings and resolve conflict with others. Module 3 also covers family rules and the importance of consistency & follow-through.

4

Module 4: Oral Language

Verbalized language is a precursor to reading success! By the end of this module you will identify many strategies and activities to support your child's oral language development. Discover a variety of colorful handouts and games.

5

Module 5: Letters & Sounds

Help your child become more comfortable with letters, and identify ways to support their alphabet knowledge. Enhance this leg of the adventure with awesome activities.

6

Module 6: Written Communication

Module 6 focuses on writing development. Understand strategies that build skills for writing words and phrases. Identify tools to aid in recalling information and making connections when writing.

7

Module 7: Reading

Build your child's pre-reading and reading skills to ensure life-long reading success. Module 7 provides strategies to support your child in learning words and phrases.

8

Module 8: Math

Cross the finish line with your child by mastering the importance of number sense! Our final module also covers one-to-one correspondence and provides tips to support mathematical growth.
